

Johnson Software Design Limited ("JSD") provides World Wide Web page hosting.

Hosting Overview:

JSD provides the following Windows based hosting packages:-

1. Basic hosting
2. Database hosting (SQL/Server or MySQL) for websites that require a database to store information that is used by the website.
3. Tailor made packages to suit the specific customer needs.

Hosting Account

Hosting accounts are to be used by the primary owner only. Account holders are not permitted to resell, store or give away web-hosting services of their website to other parties.

Web hosting services are defined as allowing a separate, third party to host content on the owner's web site. Exceptions to this include ad banners, classified and personal ads which are under the control of the primary owner.

JSD reserves the right to refuse service and/or access to its servers to anyone.

JSD does not allow any of the following content to be stored on its servers:

- Illegal Material - This includes copyrighted works, commercial audio, video, or music files, and any material in violation of any National or Local regulation.
- Adult Material - Includes all pornography, erotic images, or otherwise lewd or obscene content. The designation of "adult material" is left entirely to the discretion of Johnson Software Design Ltd Limited.
- WareZ - Includes pirated software, ROMS, emulators, phreaking, hacking, password cracking, IP spoofing, etc., and encrypting of any of the above. Also includes any sites which provide "links to" or "how to" information about such material.

JSD reserves the right to suspend or cancel a customer's access to any or all services provided by JSD at its sole discretion if it is decided that the account has been inappropriately used or otherwise.

Unlimited Usage Policy

High bandwidth usage: JSD offers a high use policy by maintaining very large ratios of bandwidth per customer.

In rare cases, JSD may find a customer to be using server resources to such an extent that he or she may jeopardize server performance and resources for other customers. In such instances, JSD reserves the right to impose the High Resource User Policy for the consideration of all customers.

High Resource User Policy

Resources are defined as bandwidth, hard disk and processor utilization. JSD may implement the following policy to its sole discretion:

When a website is found to be monopolising the resources available JSD reserves the right to restrict or suspend that site immediately. This policy is only implemented in extreme circumstances and is intended to prevent the misuse of our servers.

Customers will be offered an option whereby JSD continues hosting the website for an additional fee.

Spam Guidelines

Unsolicited email (spam) is considered an unacceptable use of a domain. Whether the unsolicited email originates directly from the Customers web space area or otherwise, abuse reports received concerning a domain may result in suspension or closure of the service without refund.

Payment Policies

All accounts are set up on a prepay basis. Although JSD reserves the right to change prices of accounts or services at any time all pricing is guaranteed for the period of prepayment. Payment is due each anniversary year following the date the account was established.

All renewal payments must be received at least 14 days in advance of the renewal date to ensure that no disruption to the service is incurred.

JSD reserves the right to suspend this and other services until any outstanding debt is cleared and will not be responsible for any data loss or consequential loss of any kind resulting from non or late payments.

If the account is suspended and any sites are withdrawn from the world wide web, any such suspension does not relieve the customer from paying past-due fees plus interest.

The customer shall be liable for any costs associated with such fee recovery, including, but not limited to, legal costs, court costs, and collection agency fees.

Cancellation and refunds

Fees charged on a prepay basis are non-refundable.

Indemnification

The customer agrees that it shall defend, indemnify, save and hold JSD harmless from any and all demands, liabilities, losses, costs and claims, including reasonable legal fees asserted against JSD, its agents, its customers, officers and employees, that may arise or result from any service provided or performed or agreed to be performed or any product sold by the customer, its agents, employees or assigns.

The customer agrees to defend, indemnify and hold harmless JSD against liabilities arising out of;

(1) any injury to person or property caused by any products sold or otherwise distributed in connection with Johnson Software Design Ltd Limited' server;

(2) any material supplied by customer infringing or allegedly infringing on the proprietary rights of a third party;
